THE NEXT-GENERATION HANDBALL SIMULATION

All 68 official teams from the three biggest European leagues in the first handball simulation! Enjoy an improved and intuitive system with 24 tactics for attacking and defending. Fully experience the 2015-2016 season with the best teams in the world along with their players, kits and official statistics.

- Three different game modes:
 - Quick match: take on the AI or your friends in friendly matches
 - Season mode: compete in the most prestigious national leagues and lead your team to victory
 - Career mode: create your player, manage your development and challenge your friends
- Choose from among the 68 official teams from the three biggest leagues: the LNH (France), the DKB Handball Bundesliga (Germany) and the Liga Asobal (Spain).
- Use all the real handball moves and tactics: the spin shot, the hip shot and a wide range of tactical systems and realistic moves.
- Experience the intensity of a real match with play-by-play coverage by handball experts.
