MONO HEADSET COMMUNICATOR

- Connects directly to your DUALSHOCK®4 wireless controller (sold separately) via a 1.2m long cable
- In-line volume and microphone mute
- Very comfortable ear and headband cushion for extended game sessions
- 270° rotatable microphone allows the headset to be used both with the microphone on the left or right side
- Also connects to compatible PC, Mac and mobile devices*

** PC, Mac and mobile compatibility are not tested nor endorsed by Sony Interactive Entertainment Europe.*
